Please Read First - Instructions on How to Use These Tables

This is the Database on WWII College SFTS Pilots, sorted by Course No Date and Dates.

Most cells contain basic information such as Name, Initials, Course No, Start and End Dates, etc. However, many cells contain underlined text, indicating that there is a link to supplementary information from elsewhere on this CHS website or from other websites. In constructing this database, we have accessed and verified data across some 100 data sources referenced on the last page of this album. Together with links to other albums already created on this CHS website, we provide as comprehensive an account as we can from a single point of enquiry as a start point for your own analysis.

This "linked information" can be accessed without losing your place in the Look Up Table, simply by clicking on the underlined text. **For Apple Mac users, hover over the underlined text and press COMMAND+CLICK; for Windows users, press CONTROL+CLICK.** So doing, a new tab will open in your internet browser, where you will find the supplementary information. To return to this Look Up table, merely select the original tab where you will find the table open at the page you left.

There is a lot of data contained in these tables and you will likely have to use the Zoom function on your web browser. If you have any queries, send an email to ibms520@gmail.com using the Contact Us tab on this CHS website.
