# Introduction

The Specialist Entrant & Re-entrant (SERE) Course, as its name suggests, was a shortened officer training course for those of specialist support branches (e.g. legal, medical, PMRAFNS, clergy, etc) and those re-entering the RAF having already completed some officer training during an earlier commission. It originated in the RAF Officer Cadet Training Unit (OCTU) at RAF Henlow and was modelled on the main Initial Officer Training course. It transferred to the RAF College as part of the Single Gate IOT (SGIOT) initiative in the 1980s - see Page 8 of the 1978 College Journal at <http://www.cranwell-college.life/Journals/500/mobile/index.html>.

Information on SERE in the RAF College archive was sparse, limited to a few nominal rolls and reference to concurrent IOT and SERE graduations in the respective graduation programmes. Thus, this album is far from complete, but attempts at least to recognise the contributions of College alumni who graduated on a SERE. We are grateful to those who have since contacted us to offer their own memorabilia and we acknowledge their donations on the relevant pages. Please do not hesitate to contact us through the Cranwellian Historical Society (CHS) website if you feel you would like to donate further memorabilia.
